# An Exclusive Concert Series

The National Festival of the States is an annual concert series developed by Music Celebrations in various cities throughout the United States. These performance tours are supported by local government offices, community organizations, tourist boards, and the like. Such affiliations offer a more memorable musical, cultural and educational experience for recommended ensembles (both instrumental and vocal) to perform in different venues in the most historic cities and celebrate the founding, history, and institutions of the United States! Music Celebrations has been successfully organizing the National Festival of the States concert series in San Francisco for the past 15 years.

Explore. Experience. Enjoy. Those are the three commandments when visiting San Francisco. The city somersaults over a series of hills, every one holding a surprise. Whether starting at Union Square or Fisherman's Wharf, aboard a cable car or afoot, crossing the Golden Gate Bridge or visiting Chinatown, standing atop Nob Hill or Twin Peaks, you will discover unique vistas, Victorian homes, ethnic enclaves and historic treasures sure to keep you enthralled.

Imagine your group performing in the gothic Grace Cathedral or the modern St. Mary's Cathedral, learning in a workshop at Stanford University Music Department, performing at Ghirardelli or Union Squares, participating in a Mass at historic Mission Dolores, or sharing a concert at a local school.

The National Festival of the States can make these possible for your performing ensemble! Participating groups are chosen on the basis of recommendation from state and national music educators, governors' and senators' offices and by audition. Selected groups perform in prestigious venues with maximum audience potential.

Everyone should experience San Francisco – and the best performing groups can, through the expertise of Music Celebrations International!

*This is a very flexible itinerary. Longer or shorter options are possible. Except for confirmed appointments and performances, the places of interest and the sequence of sightseeing might be changed if necessary or desirable. In the event of an unavoidable conflict in the performance and the sightseeing schedule, the concert schedule will prevail, and it may be necessary to exclude some sightseeing activities.*

*Muir Woods was beautiful and the town of Sausalito was a great place to walk around and enjoy the view of the bay. Alcatraz was a fun experience for the students, to be able to ride a boat to the island and many of the kids enjoyed the audio tour, it let them go at their own pace.*

*The clinic [at Berkeley] was my highlight, we received great feedback on our playing and I received great feedback on my teaching and conducting. Having the opportunity to sit in with his band and even conduct the group was amazing! Definitely an experience I will never forget. The kids also enjoyed the performance at Pier 39.*
